Good morning Karine,

Thank you for your email. We will try to prepare our answers to your questionnaires.

Regarding the 7520 reports, I would suggest that you source these from EPA Region 9 since these are already EPA's data. I have cc'd George Robin and Liz Janes who can provide you these data.

We will call you as you requested on the on the conference call number you indicated below.

Thanks.

Hi Jerry,

In advance of our call on Wednesday, I wanted to send you the questions we hope to cover (attached to this email). Also, if you have any 7520's available for California - particularly for the last few years - would you mind sharing them with us?

Lastly, I think a few of my colleagues may be calling in from different offices, so I set up a teleconference line to ease communication. Would you mind calling in to the meeting? The number is 877-928-7818 and the passcode is 89443677#.

Please let me know if you have any questions.

Thank you,

Karine McClosky
